

Dear Sir or Madam,

I'm writing to express my disappointment in Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election. This is a clear example of a station, which is obligated by law to serve the public interest, attempting to bias something as important as our national election. It is also an example of the power and influence that has occurred due to media consolidation.

Please step in and exercise your responsibility as representatives of us and ensure they abide by the same rules as all other stations. If they are permitted to air the piece, they should be obligated to air a piece biased in the other direction during the same periods of time.

Please let our elections be by the people and for the people.

Thank you
Bill
